

# The Motorhomes, I Wanna Make You Sing

Im standing here  
Next to you  
Wondering if  
This time I might pass  
As something else, something more  
Not a friend  
Im not your friend  
I wanna make you sing  
Ill tell you everything  
If I can make you sing  
Id give anything  
Just to hear you sing  
I wanna make you sing  
I wanna make you sing  
Im so sorry  
I made you worry  
I wasnt sane  
I acted like a mad man  
But I couldnt stand  
Your proposition  
Let us just be friends  
Im not your friend  
But Im not that lucky  
Im never that lucky
