

The Pink Spiders, Nobody Baby

Are you broken are you broken baby?
Let me hear ya let me hear ya girl
Baby's got a problem, baby's got a spell
Baby's got a handgun but I ain't gonna tell
Nobody baby

Watcha drinkin' Watcha drinkin' baby?
Why are you sleeping in the back seat of your car?

yeah you got a big mouth
and I bet you think you're clever
But ain' nobody gonna cry when you die a dead rebel
Nobody Baby

All you gotta do is make a little trouble
Give me one mistake and break it out on the double
Baby stay awake and take another shot
Baby take another shot with me

Cause everybody's had a real good time
Everybody's walking crooked but they feel alright
Cause everybody here is nobody
Nobody baby
And that's the goddamn truth

And now you're nobody baby
All you gotta do is make a little trouble
Give me one mistake and break it out on the double
Baby stay awake and take another shot
Baby take another shot with me

Cause everybody's had a real good time
Everybody's walking crooked but they feel alright
Cause everybody here is nobody, baby
