

# The Pretty Reckless, Only Love Can Save Me Now

Heavens falling out of the sky  
Sends a message to you, and I  
See people crawling out of their trees  
Chained to sickness, the dogs are free

I want to be saved  
From the sound /2x  
The world is spinning out

Only love can save me now  
Gone so down  
Lost is all i found  
Only love can save me now

Drowning madly in deep blue seas  
Waves of sadness swallow me  
No soul can hear me beneath the weight  
No gods or saviors  
No hands of fate

I want to be saved  
From the sound /2x  
The world is spinning out

Only love can save me now  
Gone so down  
Lost is all i found  
Only love can save me now
