

The Queers, I Didn't Puke

You've been spreading lies around
You've been trying to put me down
I went to the party that much is true
But what you said I did I didn't do

I didn't puke - (x4)

You think I'm a little winp
Shut your mouth you fat old blimp
I went to the party that much is true
But what you said I did I didn't do

I didn't puke - (x8)
(I lost my mind)
