

The Queers, Voodoo Doll

I know girls, and I know you
And the the stupid games you play
I'm not good enough for you
Well this is what I say

You may not know it but hey it's true
He don't love you but I sure do
Don't you know
I love you so

All the girls say they're above me
And I know you really love me
But you're just my voodoo doll
Oh yeah, just my voodoo doll
Oh yeah, just my voodoo doll
Oh yeah, just my voodoo doll
Oh yeah, just my voodoo doll

Walking down the street, staring at my feet
And I'm all alone
Everybody laughs at me
I'm in the twilight zone

You may not know it but hey it's true
He don't love you but I sure do
Don't you know
I love you so

All the girls say they're above me
And I know you really love me
But you're just my voodoo doll
Oh yeah, just my voodoo doll
Oh yeah, just my voodoo doll
Oh yeah, just my voodoo doll
Oh yeah, just my voodoo doll
