

The Ramones, Highest Trails Above

Sinking into the stars diving in for a swim
Soaring like a superhero past the end of disneyland

Through dragon mist above alpine peaks
To the cloudy lace to the highest trails above

I feel so safe I feel content
Send you all my love

Southern winds, shining rays are all I need
For flight flying way past hero
Paradise is just a sight

Through the distant blue above the highest stars
To the silent dark send you all my love

I feel so safe flying on a ray
On the highest trails above
Sinking into the stars diving in for a swim
Soaring like a superhero past the end of disneyland

Every wish comes true most desired dreams
Happy endings too finally you find love

I feel so safe flying on a ray
On the highest trails above
