

The Ramones, I Can't Be

I can't be Do what you want with me I can't be Do what you want with me
I can't be Do what you want with me I can't be Do what you want with me

Now you say you wanna live with me One-two-three, you wanna have a family
Now you say you wanna do my laundry I can't be Do what you want with me

I can't be Do what you want with me I can't be Do what you want with me
I can't be Do what you want with me I can't be Do what you want with me
I can't be Do what you want with me I can't be Do what you want with me
I can't be Do what you want with me I can't be Do what you want with me
