

# The Ramones, Touring

Well, we've been to London and we've been to L.A. Spain, New Zealand, and the U.S.A.  
Europe, Japan, and Pango-Pango Canada, Siam, Oz and Kamoto

The kids all come from miles around  
The party gets started when the sun goes down  
A holiday inn's the only home I know

Rock-n-rolls alive cause we got the power baby  
Crusing down the highway at 500 miles an hour baby

We got a fuel-injected tour bus, man it really flies  
With a video tape deck inside

Lets go, rock-n-roll, everybody cmon  
Lets go, rock-n-roll, everybody cmon now

Touring, touring, is never boring touring, touring, is never boring  
Touring, touring, is never boring touring, touring, oh baby, touring  
Especially with your favorite girl touring, touring, all around the world

Well we've been around this great big world  
And we've met all kinds of guys and girls  
From Kamoto islands to Rockaway beach  
No, it's not hard, not far to reach

American girls knock me out, ya know  
Fast cars, cold beer, and rock-n-roll  
America is the only home I know

Lets go lets go lets go lets go 500 miles to Mexico  
Lets go lets go lets go lets go 200 miles to Tokyo  
Lets go lets go lets go lets go

Drive, drive, drive the night away  
Straight on through to the break of day  
Drive, drive, drive the night away  
Well, it's in your blood, it's in your blood
