

The Rapture, Infatuation

You don't know by now
To take me down
Take me down

You don't know by now
To take me down
Take me down

Infatuation

You don't know by now
To take me down
Take me down

Infatuation
Infatuation
Infatuation

Infatuation with the girl
In the coat in the park
Infatuation with the girl
In the coat in the park
Infatuation with the girl
In the coat in the park
Infatuation with the girl
In the coat in the park
