

# The Rasmus, Days

I knew that you would come, I know you.  
Welcome to my kingdom,  
some days are cold like the ice in here.  
Dont have to sleep at night, dont have to.  
dont have to close your eyes,  
cause some days are dark like the  
nights with you.

I get this feeling, I get this feeling everytime.  
(Aaaah) I dont know, I dont know.  
What to do? Where to go?  
Make it right, can you stay for the night?  
Days a maze, full of flames.  
What to do? Where to go?  
I dont know when the clouds fill the sky.

(Ooooooooh)  
Keep staring at the sea, keep staring.  
Theres so much misery for the tidal waves to wash away.

I get this feeling, I get this feeling everytime.  
(Aaaah) I dont know, I dont know.  
What to do? Where to go?  
Make it right, can you stay for the night?  
Days a maze, full of flames.  
What to do? Where to go?  
I dont know when the clouds fill the sky.

(Ooooooooh)  
Its something deeper its something to defence  
So lets pretend that the end is not coming yet.  
Time is not running get into the shadows  
and we can be friends now and forever.

I get this feeling, I get this feeling.  
I get this feeling everytime.  
Aaaaaaaaaaaaaah. Aaaaaaaaaaaaaah.  
I dont know, I dont know.  
What to do? Where to go?  
Make it right, can you stay for the night?  
Days a maze, full of flames.  
What to do? Where to go?  
I dont know when the clouds fill the sky.
