

# The Replacements, Lay It Down Clown

Got a big switchblade, drop drop bill a tease  
There's a deal goin' down, it don't go down around me

Rumors keep on spreadin' all over town  
Lay it down clown, lay it down  
Lay it down clown, lay it down

Skinny as a rail and you think you got what it takes  
The only exercise you ever get is the shakes

Rumors keep on spreadin' all over town  
Lay it down clown, lay it down  
Lay it down clown, lay it down

Get back to the hills, get back to back where you belong  
Finally found out which way the wind blows

The rumors keep on spreadin' all over town  
Lay it down clown, lay it down  
Lay it down clown, lay it down  
Lay it down clown, lay it down  
Lay it down clown, lay it down
