

# The Rolling Stones, Parachute women

Parachute woman, land on me tonight  
Parachute woman, land on me tonight  
I'll break big in New Orleans  
And I'll overspill in Caroline  
Parachute woman, join me for a ride  
Parachute woman, join me for a ride  
I'll make my blow in Dallas  
And get hot again in half the time  
Parachute woman, will you blow me out?  
Parachute woman, will you blow me out?  
Well, my heavy throbbers itchin'  
Just to lay a solorhy rhythm down
