

# The Showdown, Hell Can't Stop Us Now

Hell can't stop me now  
Yeah!

Heed this, your time is short  
This is your warning, so wage your war  
The great accuser  
Hurled down to earth in shame  
The ancient serpent  
Empties his wrath into this plane  
Council of war  
Now spawns beasts from the earth and sea  
The final conflict  
Man's ruin none leaves unscathed

Fling wide the gates of hell  
And drape the sun in blackened wings  
Breathe deep the sulfur  
Now grip your sword your time is short

Your time is short  
So wage your war  
Cause hell can't stop me now!
