

The Sleeping, One Flight One Flame

"So, crazy I am hoping that we can get together. And now crazy for the fact that we could get together.
(One flight, one flame) Flights ablaze, lighting up the sky.

So, leave me here all alone as you pack your smiles and a dream. Because, I am crying for something.
Bleed, dream, slip away. Everything's gone. Crash through my eyes. Don't make that mistake of waking up.
