

# The Smashing Pumpkins, That's The Way (My Love Is)

They say that life ain't easy,  
They'll say your life's a crime.  
Destroy up all good reason,  
How I'm alive.

They'll say that nothing matters,  
Not even your will to survive.  
Of course I love you, baby,  
Cause I'm alive.  
Yes, I'm alive.

Whenever I call you out,  
Whenever I draw you round,  
Whenever is here and now.

That's the way my love is,  
That's the way I care.  
You should call on me, baby,  
I'm always there for you.  
Yeah, I'm always there for you.

They'll say you'll lose your nerve soon to claim identity.  
Disgrace our sacred promise with no belief,  
Oh, how I believe in you.

That's the way my love is for you,  
That's the way my love is for you.

I feel a coming age now  
I feel a dawn in me  
A certain sun keeps rising  
On my belief in you

That's the way my love is,  
That's the way I care.  
You should call on me, baby,  
Cause I'm always there for you.

That's the way my love is,  
That's the way I care.  
You should call on me, baby,  
Cause I'm always there for you.  
Yeah, I'm always there for you.
