

The Soundflowers, Your look (Glorious)

So that was your look
When you saw how far i'd failed you
As the words themselves impaled you
And your soul grew quiet
Then you just shook

As the blood filed from your frail face
As your heart stood still in time and place
And i kinda liked it

So glorious
Ho our hearts tore through us
And i just swore
Cause love was never like taht
(so that was your look)

So that's al lit took
As all our will just sailed through
And so much hurt we had nailed true
But still wouldn't buy it
You read me like a book
Whit blue blood blame weaved stright lace*

As our ols shame couldn't keep pace
But we still kkinda liked it

So goddamn glourius
How our hearts store through us
And you just swore cause love was never like that
So glourius how our jhearts tore through us
And we just swore
Cause love it's never like that
So that's al it took
So glourius how our jhearts tore through us
And we just swore
Cause love it's never like that
So that's al it took
