## The Stanley Brothers, Will He Wait A Little Longe

On cruel Calvary where he suffered There he died upon the cross That we might be saved my brother Freed from sin and not be lost

Will he wait a little longer There's so many out in sin Will he wait a little longer Give us time to gather in

A vision of that mangled body I can see his nail-scarred hands When He calls me way up yonder I will hear and understand

Many loved ones gone before me They've made their peace for the final day But should He call before they're ready I can almost him them say
