

The Stooges, Penetration

Penetration

Penetrate me, penetrate me

I'm so fine so fine so fine

I get excited, I get excited

I'm alone, I'm so fine, pull a line

Every night outta town, every night outta town

I go now, go now, I pulsate

I'll be all fine, I'll be all fine, man

I'll take away, take away, be alright

(gibberish)

Penetration

Come and take me, come and take me

I'm alive, I'm alive, I'm alive

I'll stick it out, babe, I'll stick it out

I'll be all fine, every time, penetrate

Penetration
