

The Tragically Hip, Blonde Solid

Me I'm dirty all the time
In a quite becoming squalor
She's blonde solid
She's blonde solid

The kind I'd follow anywhere
So I accidentally did so
She's blonde solid
She's blonde solid

I was the funniest guy in the room
For half an hour or so
At a party filled
With the likes of which
I'll never know

She stuck close to the TV set
I was back here in the kitchen
She's blonde solid
She's blonde solid

I was the funniest guy in the room
For half an hour or so
Pretty much until
This guy kicks me out
He says it time to go

And that's the way Mark painted her
Brown, yellow, stolid
She's blonde solid
She's blonde solid

I was the funniest guy in the room
For half an hour or so
At a party filled
With the likes of which
I'll never know
