

# The Used, Alone This Holiday

(feat. Kelly Osbourne)

Maybe light a candle  
Don't say a prayer for me  
Feel alone  
Cause I'm gone  
I left you  
Make Christmas your own

You throw the thought of us away  
You'll be alone this holiday

Said, It's cold in this town  
And there's snow on the ground  
Far from home  
Not alone  
I left you with nothing  
And that's what you own

You throw the thought of us away  
You'll be alone this holiday

Maybe light a candle  
Don't say a prayer for me  
Feel alone  
I left you the best time  
Make Christmas your own

You throw the thought of us away  
You'll be alone this holiday

[Kelly Osbourne:]  
You'll be alone this holiday [x4]
