

# The Vaccines, Give Me a Sign

Would you blow me kisses  
If I kept my distance?  
Would you send a hurricane  
As proof of your existence?  
If I pick up speed  
Will it take me with you?  
Cause I wanna know for sure  
Who you've been running into

You're so cold  
But I am just hot air  
With the weight of the word  
Coming down harder, harder

Just give me a sign  
Give me a sign  
Just give me a sign  
Give me a sign  
Just give me a sign  
Give me a sign  
Baby be kind  
Give me a sign

When I lack conviction  
And you're done convincing me  
And I put my mind to rest  
Would you go quietly?

You're so bad  
I'm not a lot of good  
With the weight of the world  
Coming down harder, harder

Just give me a sign  
Give me a sign  
Just give me a sign  
Give me a sign  
Just give me a sign  
Give me a sign  
I'll throw in a line  
Give me a sign

Coming down  
Coming down  
Coming down

Just give me a sign  
Give me a sign  
Just give me a sign  
Give me a sign  
Throw me a line  
It's been cosy  
Give me a sign  
Give me a sign
