

The Weeknd, Every Angel Is Terrifying

Who, if I cried out, would hear me among the angels' order?
Even if they pressed me against their heart, I'd be consumed
For beauty is the terror we endure, while we stand and wonder, we're annihilated
Every angel is terrifying
Every angel is terrifying

Intense, graphic, sexy, euphoric, provocative, edgy, thought-provoking
Technically and visually stunning
A compelling work of science fiction
A suspenseful exposé
Cinema like you've never seen it before
The exotic, bizarre and beautiful world of "After Life"
And this is your invitation to enter
Critics say After Life makes your current life look like a total comatose snooze fest
It's action-packed
The future of everyone's fate
Nigel and Frank call it a fucking classic
Arthur Fleminger says, "I can't keep my eyes off the screen"
After Life can be yours for only \$4.95 with a subscription when you order the Best of Your Current
You will enter a world beyond your imagination
A future out of control
An experience you will never forget
(Don't say we didn't warn you)
