

# The Weeknd, Privilege

enjoy your privilege life  
cause I'm not gonna hold you through the night  
we said our last goodbyes  
so let's just try to end it with a smile

and I don't wanna hear that you were suffering  
you were suffering no more  
cause I held you down when you were suffering  
you were suffering

blues away, away, away, away  
I got two red pills to take the blues away  
blues away  
I got two red pills to take the blues away

and I'm fuck the pain away  
and I know I'll be ok  
they said our love is just a game  
I don't care what they say  
but I'm drink the pain away  
I'll be back to my old ways  
and I got two red pills to take the blues away

I don't wanna hear that no more  
no more /4x  
I don't hear that no more
