

The White Stripes, Good To Me

I've got a 1984 Volvo
I get in start it up and I go
It not a vintage Cadillac
But it always gets me
there and back

And it'll always be good to me
Always be good to me
Always be good to me

I got a beat up Silvertone amp
I plug in and it sound
like a champ
It's not a fender tweek deluxe
It cost me a couple a bucks

I got a girlfriend she's so true
and no other kinda girl will do
Cause I've known a lot of girls in the past
and I knew none of their love wouldn't last

But this one will always be true to me
always be true to me
always be true to me
always be true to me
always be true to me
always be good to me
always be good to me
always be good to me
always be.. good to me
good to me.. good to me
good to me...hey!
