

The White Tie Affair, Candle

I took a ride on a February morning,
Just getting over it and dealing with the mourning,
I started thinking out loud: I'm so sick and tired of being sick and tired,
My baby's flying off the edge of the road,
She's saying, "I'm so sorry about that note";
That left me all alone,
But I'm so sick and tired of being sick and tired

Somebody turn the lights on,
Somebody tell me what's wrong,
I'd be lying if I told you,
Losing you was something I could handle,
Somebody turn the lights on,
Somebody tell me how long,
All this darkness will surround you,
Cuz I'm burning for you,
Burning like a candle

Seven days since I've seen your face,
Seven nights I have laid to waste,
I'm burning out now,
I'm sick and tired of being sick and tired,
I know we're hanging at the end of the road,
We've flown too high, make a swarm too low,
I heard a screaming out loud,
I heard a screaming out loud

Somebody turn the lights on,
Somebody tell me what's wrong,
I'd be lying if I told you,
Losing you was something I could handle,
Somebody turn the lights on,
Somebody tell me how long,
All this darkness will surround you,
Cuz I'm burning for you,
Burning like a candle

Think,
All the things that you say,
What are the things that you mean,
What are the things that you say to me,
Cuz your tradgedy,
A queen for his majesty,
All these plans for me,
Your kingdom is crumbling,
You're a tradgedy,
A queen for his majesty,
All these plans for me,
Your kingdom is crumbling,

Somebody turn the lights on,
Somebody tell me what's wrong,
I'd be lying if I told you,
Losing you was something I could handle,
Somebody turn the lights on,
Somebody tell me how long,
All this darkness will surround you,
Cuz I'm burning for you,
Burning like a candle

Burning for you,
Burning like a candle,
Burning for you,
Burning like a candle
