

# The XX, Angels

Light reflects from your shadow  
It is more than I thought could exist  
You move through the room  
Like breathing was easy  
If someone believed me

They would be  
As in love with you as I am  
They would be  
As in love with you as I am  
They would be  
In love, love, love

And everyday  
I am learning about you  
The things that no one else sees  
And the end comes too soon  
Like dreaming of angels  
And leaving without them  
And leaving without them

Being  
As in love with you as I am  
Being  
As in love with you as I am  
Being  
As in love, love, love

And with words unspoken  
A silent devotion  
I know you know what I mean  
And the end is unknown  
But I think I'm ready  
As long as you're with me

Being  
As in love with you as I am  
Being  
As in love with you as I am  
Being  
As in love, love, love
