

The newno2, Hiding Out

Come home
With me
Hide away
Beauty
I guess I'm on the road back home
And so, I'm all alone
I know it's late enough and so
I guess I'm on my own
I'm done hiding out
Everyone has moved on
I'm done hiding out
Look around and its gone
Star-like body
Give me no reason from nobody
So who's gonna bail you out and who's gonna tell you how?
And will you feel the same ah-way?
Well it's all over now
Ooo
What is so wrong?
Going on and on
What is so wrong?
Ooo
What's takin' so long?
I guess, that's the way it goes
Oooo
I'm done hidin' out
Everyone has moved on
Ooooo
I'm done hidin' out
Look around and its gone
Oooo
Where are you now?
Everyone has moved on
Oooo
I'm done hidin' now
Look around and its gone
