

Theory Of A Dead Man, Dinosaur

Whatever happened to humanity
Ya we've driven ourselves to insanity
We all human waste in a race to the finish
Now we know that we're all gonna get it

Do something stupid like some dumb ass kids
Hiding in the dark hunting down our friends
We all Lord of the flies till the very end
Now we know that we're all gonna get it

Whoa 20 24 hours to go

Hey kids boys and girls
Now we've really done it it's the end of the world
Cuz hey kids we were warned
Tonight we're going out going out like the dinosaur

Hoping heaven gonna let you in
But ya god is wondering where ya been
When idiocracy is all there is
Now we know that we're all gonna get it

Carl Sagan rollin in his grave
We all lie to ourselves saying it's just a phase
Ya. We're all fucked ya we can't be saved
Now we know that we're all gonna get it

Whoa 10-9 hours to go

Hey kids boys and girls
Now we've really done it it's the end of the world so
Pray big oh my lord
Now we better run better run
Come with me, now we're free
Let's all just purge the ending
Cuz hey kids we were warned
Tonight we're going out going out like the dinosaur

Whoa only 1 minute to go

Hey kids boys and girls
Now we've really done it its the end of the world so
Pray big oh my lord
Now we better run better run
Come with me, now were free
Lets all just purge the ending
Cuz hey kids we were warned
Tonight we're going out going out like the dinosaur
