Three Doors Down, Better life

lm

about to be on the floor again, surely youre gonna

find me there

Im about to sleep until the end of time, drug I take gonna wake

my fear right now

Im passing away on to the better life

Im passing away on

to the better

Im about to see just how far I can fly, surely your gonna

break my fall

I'm about to run as fast as I can, head long into that wall

this time

Im passing away on to the better life

Im passing away on

to the better

On to the better life

on to the better

Im about to be on the floor again, surely you're gonna

find me there

Im about to sleep until the end of time, drug I take gonna wake

my fear right now

Im passing away on to the better life

I'm passing away on

to the better

Im passing away on to the better life

Im passing away on

to the better
