

# Three Doors Down, Never will i break

Lay me down

Wash this blood off my hands for me while I cry out

Don't let me die before I go to sleep

And I can't keep going

But I cannot start again

This road I walk is paved with broken promises I've made

At least a million times I've fallen

But never will I break

These walls I make

They could hold me in and hold me back today

Oh but tomorrow's new and I'll walk right out and walk right over you

If you hear me screaming

Please don't let me fall again

This road I walk is paved with broken promises I've made

At least a million times I've fallen

But never will I break

My time is on its way

I'll fall but I won't break

This road I walk is paved with broken promises I've made

At least a million times I've fallen

But never will I break

This road I walk is paved with broken promises I've made

At least a million times I've fallen

But never will I break
