

# Tiffany Gayle, Do You Wanna Dance? (Complete)

I'm walking through a cloud  
It's late at night  
I'm really in the mood tonight  
I feel the rhythm inside  
I'm looking good, I wanna have some fun  
I'm dancing doing crazy things, 'cause the night has just begun  
( 'cause the night has just begun)

But nobody it's looking at me  
They don't wanna dance with me  
Nobody it's moving around  
They don't hear a sound no, no  
And nobody it's looking at me  
They don't wanna dance with me  
And nobody it's moving around  
They don't hear a sound so I say:

Do you wanna dance?  
Give it a chance  
Get ready to move  
Feel the groove yeah  
Do you wanna dance?  
Give it a chance  
You've got to prove you feel the groove  
Do you wanna dance?  
Give it a chance  
Get ready to move,  
feel the groove yeah  
Do you wanna dance?  
Give it a chance  
You've got to prove you feel the groove

Do you wanna dance?  
Get ready to move, yeah  
Do you wanna dance?  
You've got to prove you feel the groove  
Do you wanna dance?  
Get ready to move  
Do you wanna dance?  
You've got to prove you feel the groove
