

# 'Til Tuesday, Long Gone (Buddy)

So what if it's breaking my heart at the root  
Something that could happen to anyone, I suppose  
Never any comfort to get from the truth  
From knowing the part of this person that no one knows  
So we just cry  
With hopelessness  
We're making such a mess

It's long gone, buddy, now - run and go after it  
It's long gone, buddy, now - run and go after it

It's not that I'm frightened of being alone  
It's just that I know what a burden this grief can be  
Everything happens for something, I know  
Can't understand for the moment what this could mean  
That love is gone  
That love is blind  
That love is so unkind

It's long gone, buddy, now - run and go after it  
It's long gone, buddy, now - run and go after it

Nobody wants to be happier more than me  
Nobody wants to be happier more than I do  
But happiness  
I must confess  
I don't have

It's long gone, buddy, now - run and go after it  
It's long gone, buddy, now - run and go after it
