

Tim Finn, Show Yourself

Watch it slip through your fingers
Like a trickle of water it's gone
The one thing you believe in
All gone bad all gone wrong
It's so easy to lose it
And so hard to get it back again
So you better had use it
I say this as a friend

Show yourself
That you're all that you thought you could be
Why don't you show yourself to me

We get up in the morning
It's so strange how we make up our lives
One by one we get ready
Find the will to survive
I need you to inspire me
I can't get it from anyone else
And I see through your indifference
Hear the sea in your empty shell

Why don't you say it why don't you play it
Why don't you say exactly who you are
Why don't you say it why don't you play it
That's who you are that's who you are
Show yourself
Show yourself
That your more
Then you thought you could be
Show yourself to me
Show yourself
That you're more than I thought you could be
Why don't you show yourself to me
Please
