

# Tim McGraw, 40 Days And 40 Nights

(Tommy Barnes)

(Track 9 - Time 2:59)

Well its been rainin' on and on  
Ever since you've been gone  
Those dark clouds keep rollin' in  
And every time I think I might catch myself a glimpse of sunlight  
The bottom falls out again  
Well I can barely keep afloat  
I'm up the creek without a boat  
And I've been a driftin' Heaven knows how long  
'Cause it's been rainin' 40 days and a 40 nights since you've been gone  
Hey well drip drip drip goes the sound of the rain  
The four winds are blowin' like a hurricane  
My friends said I should settle for any port in a storm  
I'd rather be inside your lovin' arms  
Safe and warm  
Girl it's been a long time since I've seen sunshine  
Baby won't you come back home  
'Cause it's been rainin' 40 days and a 40 night since you've been gone  
Aw listen to me now  
I keep starin' out the window  
Searchin' for a rainbow  
To signal that the storm will end  
Hey 'cause I know that the rain'll keep pourin' on the pane  
Until my saint comes back marchin' in  
Oh girl it's been a long time since I've seen sunshine  
Baby won't you come back home  
'Cause it's been rainin' 40 days and 40 nights since you've been gone  
Hey, well drip drip drip goes the sound of the rain  
The four winds are blowin' like a hurricane  
My friends said I should settle for any port in a storm  
I'd rather be inside your lovin' arms  
Safe and warm  
Girl it's been a long time since I've seen sunshine  
Baby won't you come back home  
'Cause it's been rainin' 40 days and a 40 nights since you've been gone  
Yeah it's been rainin' 40 days and a 40 nights since you've been gone
