

Tina Charles, Dr. Love

Dr. Love

Calling, calling Dr. Love

Calling , calling Dr.Love

Well mama shouldnt called you to come an treat me good

Cause the reason for my fever, she never understood

But Ive always had a weakness for a man in uniform

And when you take my heartbeat, boy you turn me on

You said I was better and nothing was the matter

With me

Dr. love, please come running, cant you see Im in pain

Youve broken my heart and you should be ashamed

Dr. love please come running, cant you see Im in pain

My pulse is getting weaker, please come back again

Calling, calling dr. love

Calling, calling dr. love

Ooh. Temperature is rising, so you bring a bottle

Of pills

But doctor, cant you see, its my heart thats really ill

So put away your medicine, your special therapy

Cause the reason for my fever is right in front of me

You said that I was better and nothing was the matter

with me

Repeat

Calling, calling dr. love

Calling, calling dr. love

Yeah, calling calling dr. love

Calling, calling dr. love

Repeat

Calling, calling dr. love

Calling , calling dr. love
