

# Tinashe, All Hands On Deck

All hands on deck

All in front, all in the back, just like that, like that  
I'm a blow your mind, take it out on the floor, like that, like that  
All in the front, all in the back, just like that, like that  
I'm a blow your mind like that

Wasted heart

When you left me, you left me with no choice  
I'm looking for a boy to fill this empty void  
Kiss the old me goodbye she's dead and gone, dead and gone,  
Wasted heart  
You took the last bit of love I've ever had  
You took a good girl and you turned me on so bad  
Kiss the old me goodbye she's dead and gone, dead and gone

All hands on deck

All in front, all in the back, just like that, like that  
I'm a blow your mind, take it out on the floor, like that, like that  
All in the front, all in the back, just like that, like that  
I'm a blow your mind like that

Wasted heart

Done this too till death do us apart  
I watch you fold like a house of cards  
Kiss the old me goodbye she's dead and gone, dead and gone, dead and gone  
One by one, I watch you fall down, watch you fall like dominoes  
Take no prisoners, search and destroy  
Baby look at what you've done  
One by one, I watch 'em go down, watch 'em fall like dominoes  
Watch 'em go down, watch 'em go down, watch 'em go down

All hands on deck

All in front, all in the back, just like that, like that  
I'm a blow your mind, take it out on the floor, like that, like that  
All in the front, all in the back, just like that, like that  
I'm a blow your mind like that

And you know that I tried

Really gave my all  
Everything we built  
Baby you let it fall, you let it fall  
And now you want me  
Want me back now  
And that's so funny  
Is baby I'm long gone, I'm long gone

All hands on deck

All in front, all in the back, just like that, like that  
I'm a blow your mind, take it out on the floor, like that, like that  
All in the front, all in the back, just like that, like that
