

# Tito & Tarantula, Dead Person

Dead!  
Died in a plane crash  
Hit by a truck smashed  
You fell off the mountain  
Maybe  
U died in your sleep, baby  
I don't think u remember  
When u were alive  
Alive  
Alive  
Alive  
I'm not hanging around to find out  
Pizzas in the fridge beer is all out  
Good bye dead person  
Arrivaderci  
Lost in your shadow all by yourself  
Painted your blue world with nobody's help  
Walked in the darkness in the middle of the day  
Hey  
'Cause you're dead!  
Died in a plane crash  
Hit by a truck smashed  
You fell off the mountain  
Maybe  
U died in your sleep, baby  
I don't think u remember  
When u were alive  
Alive  
Alive  
Alive  
If you find it difficult to be yourself  
Then go ahead and be someone else  
Just don't do it around me  
'Cause you're dead!  
Died in a plane crash  
Hit by a truck smashed  
You fell off the mountain  
Maybe  
U died in your sleep, baby  
I don't think u remember  
When u were alive  
Alive  
Alive  
Alive  
(I'm not dead!)
