## Tito & Tarantula, Dead Person

Dead!

Died in a plane crash Hit by a truck smashed

You fell off the mountain

Maybe

U died in your sleep, baby

I don't think u remember When u were alive

Alive

Alive

Alive

I'm not hanging around to find out Pizzas in the fridge beer is all out

Good bye dead person

Arrivaderci

Lost in your shadow all by yourself

Painted your blue world with nobody's help

Walked in the darkness in the middle of the day

Hey

'Cause you're dead!

Died in a plane crash

Hit by a truck smashed

You fell off the mountain

Maybe

U died in your sleep, baby

I don't think u remember

When u were alive

Alive

Alive

Alive

If you find it difficult to be yourself

Then go ahead and be someone else

Just don't do it around me

'Cause you're dead!

Died in a plane crash

Hit by a truck smashed

You fell off the mountain

Maybe

U died in your sleep, baby

I don't think u remember

When u were alive

Alive

Alive

Alive

(I'm not dead!)
