

# TIX, Fallen Angel

What can i say?  
I can't make her stay  
When i know that she's so far above  
How could she ever love somebody like me?  
She's out of reach

Here in the dark  
Inside the hole in my heart  
I am flighting all of my demons tryna tear me apart  
And i am still not sure  
What you ever saw in me

No, i am , i am a fallen angel  
And no matter where my heart is  
There's no way  
I will ever reach up to heaven to you\*
