

Token, Yanny / Laurel (Freestyle)

I be in the studio posted
I don't really feel a need to post it
I do what I want and I control it, flip my bird if they want a pigeon hold it
I graduated from smooth flowing but now I'm just walking on the ocean
Some hear Laurel and some hear Yanny but everybody wanna hear Token

Come over here till you step next to me
Stand by my side I don't do symmetry
Everybody wanna just be little me
When I was 13 you couldn't be little me
Jesus Louis I'm a secret to keep never be leaving me they believing in me and I'm so ill they could
Without me they gon leave it to me
I'm a different type of motherfucker I been undiscovered so I'm undercover everybody run for cover
I been all over
It's all over
Old to new school I'm the crossover
Your girl need a shoulder to cry on?
Tell that chick I got broad shoulders
Get it broad shoulders? Oh I forgot, you don't see my shots you got Glock(glauc)-oma
Youngest flexer in the game? Tell Lil Tay, Token got a lot on ya
And I ain't even talking bout the money, even though the tour so crazy
But because I put my whole state on my back, wow my tour so crazy
