

Tokio Hotel, Here Comes the Night

Three, four

Give me strength to rest my weary head
The dark is coming over
And I know I can't control her

Lightning strikes as soon as I forget
It lingers in the moment
I feel the shadows close in

I start spiraling down
When my head gets loud
Is it all a dream or reality

Let the sirens out
but I fear the sound
Cuz oh...oh...oh...

Here comes the night
Would you lie here next to me
'N stay up and watch me breathe
While in ecstasy
Cuz when I close my eyes
Here comes the night
Oh oh
Oh oh
Oh oh oh...
Cuz when I close my eyes

Crossing lines like there's no boundaries
I see you, but you're hazy
Like phases of a daydream

I start spiraling down
When my head gets loud
Is it all a dream or reality

Let the sirens out
but I fear the sound
Cuz oh...oh...oh...

Here comes the night
Would you lie here next to me
'N stay up and watch me breathe
While in ecstasy
Cuz when I close my eyes
Here comes the night
Oh oh
Oh oh
Oh oh oh...
Cuz when I close my eyes

I don't wanna fall asleep alone
Knowing what I know deep in my bones
Every time I go to close my eyes
Here comes the night
Here it comes
Hold my breath
Sink into the feeling
Can't control
When I know
My body is leaving
Kiss me soft
And I'll see you on the other side

Here comes the night
Would you lie here next to me
'N stay up and watch me breathe
While in ecstasy
Cuz when I close my eyes
Here comes the night
Oh oh
Oh oh
Oh oh oh...
Cuz when I close my eyes
Here comes the night
