

# Tokyo Square, Within You'll Remain

Facing the world with the empty heart  
I could disappear into the dark  
And you were the one who could make my dreams come true  
My dear, it's you

When you're not around my heart stood still  
Within you remain, and always will.  
I usually say there is another man who would interface into my plan

WO AI NI, I love you, WO AI NI, I need you more than  
I never did anyone, I've never felt like this before  
WO AI NI, I want you, WO AI NI, I need you.  
We could be two lovers from the past  
And the future is our chance

When you're not around my heart stood still  
Within you remain and always still
