

# Tom Odell, numb

I hold my hand over the flame  
To see i can feel some pain  
Liik at what you've gone and done  
Baby, baby now i am numb

I am losing weight bub  
I am looking great bub  
So what i go out every night  
Sometimes i take drugs  
They're like my make-up  
This fucking break-up  
You see i gave you all my heart and now i hate love  
That's right i hate love  
It only baits us  
And if you wanna know  
How we feel  
Well, here's a taste of

I hold my hand over the flame  
To see i can feel some pain  
Liik at what you've gone and done  
Baby, baby now i am numb

I hold my hand over the flame  
To see i can feel some pain  
Liik at what you've gone and done  
Baby, baby Baby, baby now i am numb
