

Tom Petty And The Heartbreakers, I Should Have

I Should Have Known
I Should Have seen
lived it to you
to treat me mean

yeah you promise
you be around me
I Should Have Known
that you gonna let me down

and it's over now
you see

it's the last time you gonna hurt me

I Should Have Known that
how to be mean
there all ...
in front of me
so down the river
left for good

and there's no man land

and it's over now
you see

it's the last time you gonna hurt me
