

Tom Petty & The Heartbreakers, Think About Me

Listen little baby one these days
Your pretty head's gonna turn my way
Honey, oh baby just you wait
One of these nights you're gonna call my name

(Chorus)
Oh yeah, one of these days
Girl you better believe, honey wait and see
Yeah, You better believe
You're gonna think about me

Your boyfriend's gotta big red car
Got a compact disc, got a VSR
I can't do no disco dance

But I can sure love you baby if you give me a chance

(Chorus)
I said oh pretty baby, is it something I've said?
Tell me why little baby,
I said why must you play with my head?

Listen little girl I said one of these days
Your pretty head's gonna turn my way
One of these days, I know I'm right
You're gonna look for me in the middle of the night

(Chorus)
