

# Tommy Page, I'll Be Your Everything

So long that I've waited for a girl  
To come into my life and in my world  
I can't explain my feelings for you  
I guess you're just all my dreams come true  
And I'll be your lover, your lover  
And I'll be your best friend, oh I'll be your friend  
I'll be there when you're needing me, when you need me  
I'll be your everything, your everything

I'll be your everything  
I'll be all that you want and all that you need  
I'll be your everything  
I'll give you all that I have, my love, my life, and me  
I'll be your everything

Now that we're together at last  
We shouldn't think about our problems in the past

'cause true love takes a miracle to find  
I guess that I've been blessed 'cause I've got you by my side  
And I'll be your lover, your lover  
And I'll be your best friend, oh I'll be your friend  
I'll be there when you're needing me, when you need me  
I'll be your everything, your everything

When you're lost and you're down  
And you're seeing darkness  
And there's no one there that can be found  
Just turn around  
I'll be there holding out my arms for you  
Just reach for me, I'll be the one to set you free

I'll lift you up when you're feeling down  
I'll make your whole world turn around  
I'll give my heart and soul to you  
To let you know this love is true
