

Tony Rich Project, Quiet

Talk:

So quiet
Shhh... hush
Don't speak no words
Shhh... hush
Don't speak no words
Shhh... hush

Verse 1:

So much you say when/
You speak no words/
You gave me something/
I call it love/
My memory of you/
So Innocent/
I wonder 'bout you/
I need evidence/
Just give me something/
To know you're real/
One kiss at noon time/
One night in Brazil
With sexy motions
This angel's pride
I long to touch you
taste your life..

Chorus:

So quiet (So quiet)
As quiet as the love you breathe (oh, oh, oh)
So quiet
As quiet as the ocean floor

Verse 2:

Come travel with me
Where two are one
We merge our bodies
We're having fun

Bring softness to me
Make rain in June
Feel summer breezes
Make an orange moon
Don't make me worry
Make me feel proud
Deep ocean movements
With distant clouds
Be strong my lady
Girl stand your ground
I've been where you are
You're gonna make it out..

No..Don't worry...

Chorus:

So quiet
As quiet as the love you breathe
So quiet
As quiet as the ocean floor

Verse 3:

Share moments with me
Time where we embrace
Hold fast each other

As I touch your face
I'm glad I found you
To hear you now
Take hold of my wings
We're gonna flyyyyy...ooooh...

Chorus:
So quiet
As quiet as the love you breathe
So quiet
As quiet as the ocean floor
