

# Too Bad Eugene, Soli Deo Gloria

tell me, where can i run from You, is anywhere out of view?  
been running so long, there's nowhere to hide  
here now Your presence is all around, the light never flickers out  
it searches my soul and pierces my mind  
my world is left behind

and i hear You calling  
confess with your mouth, believe in your heart, you shall be saved  
and these walls start falling  
You tear me down, you lift me up  
my will is changed  
You fan this flame

then You say to obey Your commands, i finally think i can  
but not by my will, it's just by Your grace  
so send me out and we'll change the world, every boy and girl  
will know that You're king and know that You reign  
all others pass away

and i feel Your peace now  
greater is He, that is in me, than who's in the way  
so i'll seek You first now  
i'll take up my cross, consider my loss for Your sake gain  
sola fide

and i hear You call out  
confess with your mouth, believe in your heart, you shall be saved  
so i'll seek You first now  
i'll take up my cross, consider my loss for Your sake gain  
sola fide

and soli deo gloria  
to God alone be all the glory  
let God be true and every man a liar  
let every knee bow every tongue confess  
to God alone be glory, not to men
