Temperature's risin'  
And i am finna size it back again intyo you  
Givin' you somemthin'  
Won't lie it's somethin'  
I wanna do to you  
We got all night, girl, we can take it slowly  
Look back at it and shake it for me  
Cause only i can make you feel the way you feel  
Time to make you fell if for real

Temperature's risin'  
Temperature's risin'  
Makin' it slowly  
We're makin' it slowly  
Your body callin'  
It's callin' me  
Lovin' on my slow  
Slow  
Got my ayyention  
You got mmy attention  
Undivided  
And it's undivided  
I wanna love ya  
This time /2x  
I wanna love ya  
Tonight it's a love makin' affair

Temperature's risin'  
And i am still fantasizin' bout  
What u wanna do to you  
My body pressed against your body, baby  
I am hittin' places that nobody can  
Lickin' your body  
Lovin' as the sweat drip down  
I am tellin' you to lock the door  
If we ain't sexin'  
What we in here for?

Temperature's risin'  
Temperature's risin'  
Makin' it slowly  
We're makin' it slowly  
Your body callin'  
It's callin' me  
Lovin' on my slow  
Slow  
Got my ayyention  
You got mmy attention  
Undivided  
And it's undivided  
I wanna love ya
