

# Tove Lo, The Struggle

So you're deep like the ocean  
But your body was a potion  
I believe in Karma  
Set the waves into motion

Cold /4x  
Hands over me  
Fuck /3x  
Some sense into me  
Gold lineless  
I won't pay  
Fuck /2x  
Some sense into me

The struggle is real  
When you don't tell me how you feel  
About this love  
/2x

So you got all the answers  
Hold the reigns  
I'm your dancer  
Pull me underwater  
Tell me nobody gets hurt

Cold /4x  
Hands over me  
Fuck /3x  
Some sense into me  
Gold lineless  
I won't pay  
Fuck /2x  
Some sense into me

The struggle is real  
When you don't tell me how you feel  
About this love  
/2x

I found my way with words  
Don't believe me  
Pretend like I don't hurt  
I don't /3x  
I found my way with pain  
Don't believe me  
I numb myself to blame  
I don't /5x

The struggle is real  
When you don't tell me how you feel  
About this love  
/2x
